Partial Release of State Aid Appropriation

On November 5, 2014, Governor Nixon released \$723,776 of the \$3,504,001 FY2015 state aid appropriation with funding designated to the state's smallest public libraries. These funds will enable the Missouri State Library to make per capita state aid payments of \$.50 per person to 141 library districts serving populations up to 40,000. A list of library districts to receive payments is at [FY2015 State Aid Payments Released](#). First and second quarter payments from the released funds are in process.

We currently do not have any news about the remainder of the appropriation to be able to make per capita payments to the remaining 25 larger library districts, and to allocate Equalization aid to those library districts that qualify for FY2015. Further information will be provided in *Show Me Express* as it is announced.
